A direct action charity run by volunteers, working through trusted contacts in Britain and Africa. We improve life in drought-stricken areas of Africa by providing wells, pumps, dams and water collection equipment, as well as hygiene and sanitation projects. **Over 99% of everything we raise goes directly to these projects.**

Since the mid 1980's, over £1.3 million raised; funded over 210 projects (many involving multiple wells) and spent less than £9,000 on running costs
