

Dear Wilmslow Wells for Africa Team,

I am writing to express my heartfelt gratitude for the incredible impact your organization has made in Kanungu DISTRICT, Southwestern Uganda. Your partnership with Joint Efforts for Green Mountain Initiative Uganda has been instrumental in transforming the lives of our community members.

Your commitment to providing clean water and sanitation has improved the health, well-being, and livelihoods of countless individuals. The construction of water facilities through Green Mountain Initiative has not only addressed the pressing issue of water scarcity but also empowered communities to take charge of their own development.

We are deeply grateful for your tireless efforts, generosity, and dedication to creating positive change in our community. Your support has been a beacon of hope, inspiring us to continue working towards a brighter future. I understand we still have bigger tasks ahead to complete with you especially in mukongoro, bwashwa and sangyi before tackling any other area that needs our serious intervention as team

Thank you for being an invaluable partner in our quest for sustainable development. We look forward to continuing our collaboration and exploring new opportunities to make a lasting impact.

Please extend our appreciation to your entire team, donors, and supporters.

regards

Twinamasiko Luke

Director Green Mountain Initiative -UGANDA
